

NO THOUGHT OF WEATHER

If Duty is Done Bee's Booklovers Do Not Worry About Mercury.

STUDENTS OF MARCUS AURELIUS

Those Who Care Not for Mistrans of Weather Men Get Along Smoothly in Famous Game Conducted by This Paper.

"Let it make no difference to thee whether thou art cold or warm. If thou art doing thy duty, and whether thou art drowsy or satisfied with sleep."

Marcus Aurelius Antoninus wrote these words when the world was young and Rome was looked upon as the greatest part of the world. If there had been such a thing as a Booklovers' contest in those olden days it might be suspected now that Marcus had written these thoughts after receiving an inspiration from working over the title puzzles.

It is true that this philosophy could well be applied to The Bee's Booklovers' contest. "Let it make no difference to thee whether thou art cold or warm, if thou art doing thy duty with the puzzle pictures." Cold weather or hot weather can in no wise bother the contestants who are working at the pictures.

Game is Very Exciting.

The game is so interesting-so exciting and so fascinating-that one who looks at the pictures is bound to feel it his duty to solve one of the puzzles each day, even though he does not expect to win a prize. Most of the contestants, however, realize that the prizes offered by The Bee are one of the best ever put up by any western newspaper for a contest of this nature and they are working for one of the four grand prizes. But should they lose out for one of these grand awards then they will probably stand a chance to win one of thirty-five cash consolation prizes. It is something to work for, and the work is interesting, so one does not feel he is unwarranted in spending his time at this game.

Lots Going Very Fast.

Lots in the addition are being sold fast. A revised plat on the full page Booklovers' ad in this paper shows how many lots have been disposed of. A. P. Tukey & Son, from whom The Bee purchased the Booklovers' lot, have written the contest editor as follows in regard to the recent sales:

"The revised plat of the addition which we sent you this week shows sales to date. Lot 8, block 4, of this addition is the property purchased by you from us for your third prize in the Booklovers' contest. The activity in this locality shows the wisdom of your selection."

"This property is located a little less than two miles from the center of the city. It is only six blocks from Hancock park, one of the finest in Omaha. One of the main thoroughfares connecting Omaha and South Omaha, run through the center of this addition. It has a five-minute street car service down town. The main street is paved with brick and is sixty feet wide. It fronts east on Central boulevard, 135 feet wide. We will be glad to show the Booklovers' lot to any of your contestants at any time. A number of prudent investors are buying lots in this addition as an investment, pure and simple."

"They believe that centrally located property in Omaha with paved streets and street car facilities is sure to get all other improvements, and thus increase in value. Still another class are buying for a site for their future or present home. Both of these classes believe that the time to buy in order to get the increase in value before improvements are all made rather than after."

Comment About Grand Prizes.

Much comment has been made about the four grand prizes in the contest. The magnificent Apperson "Jack Rabbit" touring car, which is exhibited at the Apperson company's salesrooms, 1102-4 Farnam street, is valued at \$2,000. It is one of the best cars made and is good for both road and special work. The Apperson car is enjoying great popularity right now.

The second prize is a fine \$750 Kimball player-piano, which is at the A. Hooper store, 1113 Douglas street, where it plays in concert every afternoon from 2 to 3 o'clock.

As the third prize a building lot in A. P. Tukey & Son's 114 addition is offered. This is located in one of the best sections of the city and is an ideal site for a home. This lot is valued at \$500.

The fourth prize is a grand Columbia Grafonola "Regent," which is worth \$300, and \$50 worth of records. This machine plays in concert every afternoon from 3 to 4 o'clock, at the Columbia Phonograph company's agency, 1311-13 Farnam street.

Omaha Firm Lands Big Government Contract

L. G. Doup, Low Bidder for Sixth Year, Will Make Uncle Sam's Mattresses.

Recently the United States government advertised extensively for manufacturers to bid on a certain style mattress; every mattress maker in the country had an opportunity to place his bid and most did, but it has just been awarded to the L. G. Doup company of Omaha. This is a regular yearly occurrence and it makes the sixth year that this firm has offered the lowest bid and secured the contract.

This order, the largest yet placed, calls for four thousand mattresses, each one of which must fulfill exacting specifications. Ninety days are allowed for delivery and if all were finished and loaded at one time it would require over 200 ordinary dray loads to move them.

The Doup company is Omaha's largest manufacturing concern in its line. It occupies a three-story building with frontage of 145 feet and depth of 125 feet. It has several departments, each of which is supervised by an expert and conducted as a separate plant, manufacturing and producing some distinctive article of furniture. Not only are all sorts of mattresses manufactured but pillows, as well.

Here is to be found the most complete finishing and varnish rooms in the west for caring for the fine cabinet work after the assembling and making of frames for the various grades of upholstered couches and chairs. The upholstering department turns out thirty finished couches and parlor suits daily in addition to fancy chairs and rockers; more than fifteen hides of leather are consumed each day for this work alone. The most expensive pieces are produced as well as the popular and lower priced ones.

A recent addition to the box spring mattress department. Most hotels and many homes are recognizing the comfort and convenience of this sort of spring and rapidly installing them. At present the concern is at work on a special patented ventilated mattress for persons desiring the very finest merchandise of this character that can be produced. This new style mattress will be ready for the trade in about a week.

This firm was the first west of Ohio to install the expensive machinery necessary for making felt for mattresses; three thousand pounds of cotton are used each day in the seventy felt mattresses produced which makes the factory the biggest buyers of cotton in this part of the country.

For the manufacture of pillows, feathers are purchased in carload lots after which they are run through machinery, which completely renovates, washes, disinfects and softens them.

L. G. Doup started the business twenty-two years ago. As well as being president, he personally supervises the work in all departments. Thomas McGrath, vice president, has been associated with Mr. Doup for twenty years. H. F. Reed is secretary and sales manager.

CALLING OMAHA MEN TO ARMS

Ad Club Committee Would Organize Citizen Patrols.

WELLS AT HEAD OF MOVEMENT

Lawyer Issues Statement Denying Conditions and Lack of Adequate Protection by the Police.

A "vigilance committee," reminiscent of frontier days is to be organized in Omaha for the protection of citizens and homes against highwaymen and robbers, unless the Ad club committee, which has started the plan finds Omaha men too timid or too conservative to undertake the duties of policemen.

P. A. Wells, lawyer, chairman of the committee of the Ad club, is taking the initiative in the matter. The men who are backing him, including officers and prominent business men of the Ad club are willing to back him only as silent partners and have put upon Mr. Wells the public responsibility for the challenge, which he has issued for Omaha men to resort to "arms." The others lunched with Mr. Wells at the Commercial club Saturday noon, but shrank from publicity, because it might hurt their business. Mr. Wells, "who derives his income from clients outside the city, and has nerve enough to do the whole thing all alone," expects volunteers to meet him at the Commercial club Wednesday evening, at 8 o'clock and the vigilance committee will then be organized.

MONEY FOR CONSCIENCE FUND

Oklahoma City Man Who Smuggled Goods from Mexico Sends in Thirty-Three Dollars.

WASHINGTON, May 20.—President Taft today turned into the conscience fund of the treasury \$33 sent to him by a resident of Oklahoma City, who wrote that several months ago he smuggled from Mexico City goods subject to 40 per cent duty. Now that the goods had been sold, he wished to settle with the government. "I hope," the plan finds Omaha men too timid or too conservative to undertake the duties of policemen.

Strong and Active at 81 Years of Age

Dear Mrs. Ramsey, who is known and beloved by all her town folk, has been restored to health and vigor after an illness of several months. So may you be if you give your system a chance.

MR. and MRS. WM. J. RAMSEY

"My wife was taken sick last fall and I called in our doctor. He tended her for two months, but did not help her in any way. I saw Duffy's Pure Malt Whiskey advertised in our paper and after reading what it had done for others I bought a bottle. She commenced taking it at once and grew better from the start. She is now strong and able to do her household work as well as ever and she is 81 years old. We would not be without it. I advise all old people to try it, because what it has done for us it will do for them."—Wm. J. Ramsey, Matamoras, Pa.

Duffy's Pure Malt Whiskey

STANDARD OF PURITY AND EXCELLENCE SINCE 1860

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, driving out the disease germs by strengthening the digestive organs and quickening the circulation so as to prevent a cold or other form of congestion from becoming deep rooted, ninety per cent of the illness would be avoided. When people get sick they blame different causes, but if they would only stop and think the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, help the stomach digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American war. Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, or direct, \$1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet on application. The Duffy Malt Whiskey Co., Rochester, N. Y.
